

When Death Dies

The hardest part of dying is for the family life goes on
Leave the cemetery go back to our home
Filled with constant reminders of the one who's passed away
Pray and ask for strength make it through another day
Well it leaves a hollow feeling fills our eyes with tears
Creatures of emotion fighting doubts and fears
The strongest of the faith still sometimes question why
I can't wait till the day when death dies
I can't wait till the day when death dies

I can't wait till the day when death dies
God Himself will wipe away tears from our eyes
Living in that city where they say nobody cries
I can't wait till the day when death dies
I can't wait till the day when death dies

Read it in the Bible death will lose it's sting
Says those who die in Christ death aint no big thing
Reunite with love ones meet Jesus in the sky
I can't wait till the day when death dies
I can't wait till the day when death dies
